

Put Customers First!

With Elavon's Merchant Services

Top five ways we benefit our customers:

Next day business funding

means business customers don't wait to get paid – improving their cash flow.

The latest in payment technology

All-in-one wireless Smart Terminals, chip card/EMV terminals, In-person, online e-commerce, mail order, telephone order, and mobile payment solutions.

Enhanced customer care

We are always available 24/7/365 days a year. Each business gets a dedicated customer account manager to help advise them on solutions to manage their business.

Solutions to help protect business

Security solutions to help businesses keep cardholder data safe with built in encryption, tokenization and easier PCI compliance.

Increased customer traffic

Loyalty and gift card programs so business customers can grow, retain and market to their customers.

More ways we make payments easy.

Our businesses never say no to a customer!

They can accept – PIN debit, credit, Corporate/Pcards and international payments, Electronic checks and Electronic Benefit Transfer (EBT).

We keep it simple.

- Simplified easy to read statements
- Tools to help manage business anytime anywhere
- Simplified pricing for small to medium business
- No cancellation fees

Solutions to meet the needs of all business types

- Merchant service experts work with customers to develop custom solutions for their business.
- We offer specialized solutions for Restaurant, Retail, Healthcare, lodging, E-Commerce, government, education and services.

**LET'S
CRUNCH THE
NUMBERS!**

Your customers may be paying more than they need to with their current processor. Ask if you can have a merchant services representative review their current pricing and do a free competitive analysis, and find a custom solution for their business. You may save your customer money and offer them peace of mind of moving their merchant processing to a trusted bank partner.
